Teacher with MA/ ECE	25	23.60	24.31	25.04	25.79

#### **Bilingual Spanish/English Increment**

Staff in all positions who demonstrate competency in oral skills in any language determined by the Employer as needed at a specific work site spoken by eligible families in the community will receive a \$0.70/hr increase in the hourly wage. Current employees earning the bilingual increment as of June 1, 2022 will continue the increment while they remain employed by the program at their current center. The need for additional employees with the bilingual increment or for languages in addition to Spanish will be determined by the Employer based on enrollment, and may fluctuate. Retention of the increment at a site where the need is declining will be based on seniority as a regular employee in the program.

#### **2022-23 & 2023-24 Salary Schedules**

Increase Step 1 of each prior contract year's salary schedule for all positions by the cost-of-living adjustment allocated by the federal government to Head Start grantees, when received, effective retroactively to November 1 of each contract year (with flow-through to higher steps). Progression through the salary plan happens in September for those hired before March 1st of that year.

#### **2023-24 Salary Schedule Addendum**

An additional 5% increase effective September 1, 2023 not including the annual COLA.

#### **Retention Incentive, 2022-23 only**

Current employees who remain working in the program as of October 31, 2022 shall receive a \$2,000 stipend (gross amount) in their November 2022 pay warrant. Employees employed as of February 28, 2023 shall receive a \$1,400 stipend (gross amount) to be paid in their March 2023 pay warrant.
